KEEDEX PRODUCTS

DOOR LOOPS

- Use Keedex Door Loops when you need to transfer low-voltage electrical current from the door frame to the door.
- Entire assembly has an attractive and durable powder coat or all stainless steel finish.
- Pre-drilled hole in base. Includes installation screws.

K-BXMOUNT

The K-BXMOUNT is a display mount for any Keedex box. The standard box mounted is the K-BXSIM and the standard finish is a black powder-coat, but can be ordered with ANY Keedex box and any other powder-coat color, including the popular Silver Vein.

DOOR LASER - # DRLSR

- Use of this laser sight tool for Core drilling doors assures accurate drilling through door, to prevent damage to either face of door .
- Designed for 1 3/4" thick doors
- Includes 1/4" bit for pilot hole drilling

BOTTLE LOCK - # BOT LOC

- Tamper evident Bottle Lock is the perfect solution to securing your fine wines, liquors, and beverages, from any and all you don't want drinking them!
- Comes in retail packaging with gift bag and combination instructions

HOSE BIBB LOCK

#K-HBL

PADLOCK NOT INCLUDED

With water prices soaring, locking access to your outside water supply is now an important part of security.

Here's how it works: The cover, padlock eye, and padlock spin freely around the fitting. The fitting cannot be unscrewed and will not leak when the Hose Bibb is locked.

Hose Bibb Lock Uses

- Stop water theft, waste and misuses.
- Stop leaky hose bibb.
- Outside or inside hose connections.
- Water heater drain valve.
- Gray water irrigation safety.
- Home owner, boat, RV.
- Rental, apartment, Condo.
- Golf Course, Park, Marina
- Municipal Buildings, Housing.

K-FB4

Four Drawer Filing Cabinet Bar Lock

Lock your filing cabinets and important document storage system with our all new Filing Cabinet Bar Lock! Unique design protects mounting screws from being tampered with. Accepts up to large padlock for locking (not included) Will not block drawers or cabinets adjacent to this one.

Reference Guide Key

How to use this guide:

If you know the manufacturer and stock number of the lock or electric strike you are trying to install, use the cross reference. The cross reference uses the lock or strike manufacturers numbers and then tells you which of our weldable boxes is best for that application. Keedex.com has the most current cross reference and notes.

If you still cannot find an appropriate box, call us @ (714) 993-4300 and we will be glad to assist you!

SGL	1- 2 1/8" Cylindrical Hole	NH	No Holes
DBL	2- Cylindrical 2 1/8" Holes	2W/-2	2" Wide Box
RHO	2 1/8" Cylindrical Hole With 6 Thru-Bolt Holes Around 2 3/4" Backset 	-2D	2" Wide Box With Cylindrical Hole Sunken To Accept A Standard 1 3/4" Lock
MOR	Mortise Side Pocket	A/R	Narrow Style Mortise Lock
AL	.125 Gauge Aluminum	CYL	Cylindrical Prep
SS	16 Gauge Stainless Steel	-925	9 1/4" High
234	2 3/4" Backset	-8155	8" X 15 1/2"
S	Slim 1 1/4" Wide	-1012	10" X 12"
ES	Extra Slim 1" Wide	BXES	Electric Strike Prep
NS	No Stop	BXED	Exit Device
All Boxes Are 14 Gauge Steel Unless Otherwise Noted			

For boxes in materials other than 14 gauge steel add a dash and the suffix for the material
 ex: The K-BXMOR1, in 10 gauge steel would be K-BXMOR1-10G, Aluminum would be K-BXMOR1-AL

KEEDEX

GUARD KNOBS

GRD-KNOB

Knob Guard for gates.
Helps protect knobs on gates. Installs
without removing lock.
Durable Aluminum powder coat finish.
Diameter: 4 17/32" Height 3 1/2"

GRD-8A

8" Knob Guard for gates. Helps
prevent reaching around to access the knob.
Durable Aluminum powder coat finish.
Diameter: 4 17/32" Height 8"

GRD-8BLK

8" Knob Guard for gates. Helps
prevent reaching around to access
the knob. Black powder coat finish
Diameter: 4 17/32" Height 8"

TAMPER RESISTANT SCREWDRIVER

- This tamper resistant screw driver comes with 11 interchangeable tips and is perfect for automotive work, access control, commercial, and institutional locksmiths.

- 6 tamper resistant Torx tips (T10, T15, T20, T25, T27 & T30)

- 3-hex tips (5/32", 3/16", & 7/32")

- 2 spanner tips (#6 and #8)

TAMPER

TAMPER RESISTANT SPANNER SCREW KIT

SSKIT

This kit contains 12 each of the following 14 different sizes of machine and wood/metal tamper resistant stainless steel screws, specifically designed to suit the needs of locksmiths.

168 screws total

- Spanner flat head machine screw 6-32 x 3/8"
- Spanner flat head machine screw 6-32 x 1/2"
- Spanner flat head undercut machine screw 8-32 x 1/4"
- Spanner flat head machine screw 8-32 x 3/8"
- Spanner flat head machine screw 8-32 x 1/2"
- Spanner flat head undercut machine screw 12-24 x 1/2"
- Spanner oval head machine screw 10-32 x 2 1/2"
- Spanner pan head machine screw 6-32 x 1/2"
- Spanner pan head machine screw 8-32 x 1/2"
- Spanner pan head machine screw 10-32 x 1"
- Spanner pan head sheet metal screw #6 x 3/4"
- Spanner pan head sheet metal screw #10 x 1 1/4"
- Spanner flat head sheet metal screw #8 x 3/4"
- Spanner flat head sheet metal screw #8 x 2"

NOTES ON ELECTRIC STRIKE BOXES

Our ANSI sized strike boxes were made specifically for name brand manufacturers electric strikes, however there are many obscure manufacturers of electric strikes. The Keedex ANSI electric strike boxes noted here are all the same size except for the cut out along the face side. This chart is designed to help you match our box with your non-brand name ANSI electric strikes.

Part Number	Inches	Millimeters
K-BXES3A	0.656	16.5
K-BXES2	0.92	23.3
K-BXES5	1.73	43.9
K-BXES6	1.21	30.7
K-BXES9	1.5	38.1
K-BXES45	1	25
K-BXES51	1.05	26.7

K-GBJ Gate Box Installation Jig

**MUST HAVE
REVOLUTIONARY
NEW TOOL!!!**

**Currently
Accommodates All
Keedex Boxes**

The Gate Box Installation Jig will quickly become the must have tool for technicians who spend any amount of their work day installing gate-boxes.

The jig attaches to the edge of the gate with 2 clamps. Then using the magnet squares included, you can hold your gate box in place, making it easy to put in to exact position and nudging it to precisely where it is desired. Now with the gate box in place, your hands are left free to weld, bolt or attach the gate box, minimizing the hassle of trying to hold and weld straight. Make your gate box install jobs look clean, precise and professional, and minimize the time necessary to complete the job, with the new Keedex Gate Box Installation Jig!

**Check out our video on
Keedex.com
or search for
Keedex on Youtube.com**

**Free your hands!
Work more efficiently,
and make your work
more precise!**

STR CUT

Straight Cut Installation Tool

The new Keedex Straight Cut Tool is designed to work with most all gate tubing up to 2" thick, this tool clamps down on the gate frame. The slot allows for a reciprocating saw blade to be inserted and used to cut completely through the frame. Hardened steel guides ensure you don't cut the tool itself. Now Simply remove the tool, put it to the other mark to complete cutting the section of the fence out, and you are done! You are ready to install your gate box!

Easy turn clamps, and a powder coated finish.

K-EOT

Emergency Override Timer

Ever been to a "gate stuck open" call, just to find the only problem was the Fire Dept. switch was engaged?

With the New Keedex K-EOT Emergency Override Timer installed, the gate will close and reset 2 hours after fire switch is activated, reducing the calls you get about gates that won't close.

Easy to install (fail safe)

Power -10 to 30 volts accordingly

iCAN

Access Control Housing

Specifications

Dimensions: 9 1/2" wide, 5" high, 3 3/8" deep

Box: 14 gauge steel.

Finish: Durable Black Powder Coat

(other colors available upon request)

Face Plate: 18 gauge stainless steel US32D finish

Lock: Stainless Steel Face Plate With Tubular Key Lock

Will Accept Two Single Gang Devices

The iCAN from Keedex allows you to install up to 2 single gang devices. Use it to install an intercom and keypad, prox reader and key-switch, or a keypad and key-switch; for Fire, Police, or Utility access. Can be used with a single device and a blank plate, allowing for future expansion. The iCAN allows you to install the hardware that you want to use.

Install a keypad & intercom

Install a key-switch & blank plate

Great for mounting panic hardware!
Oversize compensates for access keypads or lever hardware

UNIVERSAL MORTISE GATE BOXES

Offset

Part Number	Description	High	Wide	Deep
K-BXMOR4	Centered	8 1/8"	4 5/8"	1 3/4"
K-BXMOR4-AL	Aluminum	8 1/8"	4 5/8"	1 3/4"
K-BXMOR8155	Oversized Center	15 1/2"	8"	1 3/4"
K-BXMOR8155F	Oversized Offset	15 1/2"	8"	1 3/4"

Blank mortise boxes were designed to accommodate just about any type of stand alone access or push button mortise lock. With a standard side mortise preparation (1 1/16" x 6 11/16") only drilling the mounting holes is necessary on the face of the box. The boxes are wide enough for levers applications.

Centered

K-BXCOV PROTECTIVE LOCK COVER

- 4 Inch Projection
- Protects Keypads, Knobs and Levers
- Weather Cover
- Spy Shield
- Sun Shield for Digital Locks

CAN EITHER BE WELDED OR FASTENED

Carbide Tip Drill Bits

MADE IN THE U.S.A.

Stock numbers and Sizes

Stock Number	Diameter and Length
K-18x3	1/8" x 3" Carbide Tip Safe Drill Bit
K-14x4	1/4" x 4" Carbide Tip Safe Drill Bit
K-14x6	1/4" x 6" Carbide Tip Safe Drill Bit
K-14x13	1/4" x 13" Carbide Tip Safe Drill Bit
K-316x4	3/16" x 4" Carbide Tip Safe Drill Bit
K-316x6	3/16" x 6" Carbide Tip Safe Drill Bit
K-38x4	3/8" x 4" Carbide Tip Safe Drill Bit
K-38x6	3/8" x 6" Carbide Tip Safe Drill Bit
K-B38x13	3/8" x 13" Carbide Tip Safe Drill Bit
K-38x30	3/8" x 30" Carbide Tip Safe Drill Bit
K-12x4	1/2" x 4" Carbide Tip Safe Drill Bit
K-12x6	1/2" x 6" Carbide Tip Safe Drill Bit
K-B12x13	1/2" x 13" Carbide Tip Safe Drill Bit
K-12x24	1/2" x 24" Carbide Tip Safe Drill Bit
K-516x4	5/16" x 4" Carbide Tip Safe Drill Bit
K-516x6	5/16" x 6" Carbide Tip Safe Drill Bit
K-516x13	5/16" x 13" Carbide Tip Safe Drill Bit
K-516x30	5/16" x 30" Carbide Tip Safe Drill Bit

These Carbide Tip Drill bits are specially designed for drilling through safes, hard plate, and other demanding metal work.

Sizes range from 1/8" to 5/16" in diameter, and from 3" to 30" in length. See complete product line-up to the right

The longer bits, such as the 24" & 30" bits, are ideal for access control & alarm work. With their sharpened tips, designed for opening safes, they are ideal for drilling through walls and especially helpful if you should encounter any rebar!

FLEX BIT

Keedex Flex Bits are a great new product available from Keedex. These bits are long enough for core drilling doors, drilling at (install) sites for running wiring in walls and crawl spaces

FB-38X48

Available in these sizes:

FB-14X24 - 1/4" x 24" Flex Bit

FB-38X24 - 3/8" x 24" Flex Bit

FB-14X36 - 1/4" x 36" Flex Bit

FB-38X36 - 3/8" x 36" Flex Bit

FB-14X48 - 1/4" x 48" Flex Bit

FB-38X48 - 3/8" x 48" Flex Bit

ALWAYS WEAR SAFETY GOGGLES WHEN USING THIS PRODUCT!

Don't see what you need?
 Email gates@keedex.com or call us! We may have a solution! Be sure to have lock or strike number available.

HEAVY DUTY

Covered Garage Bolt # K-SSL-1P

Covered Heavy Duty Garage Bolt is non-handed for garage doors, gates, or warehouses.

Front plate protects padlock, making it difficult to cut with bolt cutters.

Extra padlock hole allows for adding second lock for extra security or lockouts

Cylinder Guards

When installed, these great looking Cylinder Guard rings spin so that would be burglars or intruders cannot break the lock with Vice Grips or other burglary tools
